APPLICATIONS

This product is an emulsifiable concentrate containing eight pounds of piperonyl butoxide technical per gallon. It is designed for tank mixing with certain insecticides to increase their efficacy. Applications may be made by air or ground equipment or by chemigation, provided that the tank mix insecticide label permits such applications.

Typical tank mix insecticides are synthetic pyrethroids (including, but not limited to, those listed below), natural pyrethrins, and rotenone. Other insecticides may be combined with this product provided that their labels do not prohibit tank mixing with piperonyl butoxide. Because all potential mixtures have not been evaluated for efficacy, consult your local Agricultural extension Service for recommendations in your area. Do not use in post harvest applications.

This product can be mixed with the following synthetic pyrethroids:

Allethrin	Cypermethrin	Phenothrin
Bioallethrin	Deltamethrin	Resmethrin
Bioresmethrin	Fenvalerate	Tetramethrin
Cismethrin	Permethrin	

To be used in a tank mix with rotenone. Consult a rotenone label for proper dosage. This product can be used with rotenone on potatoes, eggplants and tomatoes.

COMPATIBILITY: This product is compatible with most common insecticides, but it is recommended that a small amount of each proposed mixture be checked in a jar test before large scale mixing. Mix all ingredients in the proper proportions and observe compatibility for 30 minutes.

RATE: Use 2 to 8 fluid ounces of this product per acre plus recommended rate of insecticide. For small areas, 0.28 to 1.1 teaspoons per 1000 square feet are approximately equal to the per acre rate.

CHEMIGATION: Refer to supplemental labeling entitled, "APPLICATION THROUGH IRRIGATION SYSTEMS - CHEMIGATION" for use directions for chemigation. Do not apply this product through any irrigation systems unless the supplemental labeling on chemigation is followed.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application.

For any requirements specific to your State or Tribe, consult the agency responsible for pesticide regulation.

AGRICULTURAL USE REQUIREMENTS

Use this product only in accordance with its labeling and with the Worker Protection Standard, 40 CFR part 170. This Standard contains requirements for the protection of agricultural workers on farms, forests, nurseries, and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification, and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on this label about personal protective equipment (PPE), and restricted-entry interval. The requirements in this box only apply to uses of this product that are covered by the Worker Protection Standard. Do not enter or allow worker entry into treated areas during the restricted entry interval (REI) of 12 hours. PPE required for early entry to treated areas that is permitted under the Worker Protection Standard and that involves contact with anything that has been treated, such as plants, soil, or water is: Coveralls, waterproof gloves, shoes plus socks.

STORAGE AND DISPOSAL

PROHIBITIONS: Do not contaminate water, food or feed by storage or disposal.

STORAGE: Store in safe manner. Store in original container only. Store in cool, dry place. Keep container tightly closed when not in use. Reduce stacking height where local conditions, such as humidity or pallet overhang, can affect package strength.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Metal: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities. Plastic: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Harmful if swallowed. May cause eye irritation. Avoid contact with eyes, skin or clothing.

Personal Protective Equipment

Applicators and other handlers must wear:

Long-sleeved shirt and long pants, waterproof gloves and shoes plus socks. Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

Engineering Control Statements:

When handlers use closed systems, enclosed cabs, or aircraft in a manner that meets with requirements listed in the Worker Protection Standard (WPS) for agricultural pesticides [40 CFR 170.240 (d) (4)-(6)], the handler PPE requirements may be reduced or modified as specified in the WPS.

USER SAFETY RECOMMENDATIONS

Users should:

Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.

Remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.

Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

STATEMENT OF PRACTICAL TREATMENT

If In Eyes: Flush with plenty of water. Get medical attention.
If On Skin: Flush with plenty of water. Get medical attention if irritation persists.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. For terrestrial uses, do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water by cleaning of equipment or disposal of wastes.

NOTICE: Loveland Industries, Inc. warrants that the product conforms to the chemical description on the label thereof and is reasonably fit for the purposes stated on such label only when used in accordance with the directions under normal use conditions. It is impossible to eliminate all risks inherently associated with the use of this product. Crop injury, ineffectiveness, or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of Loveland Industries, Inc. In no case shall Loveland Industries, Inc. be liable for consequential, special or indirect damages resulting from use or handling of this product. All such risks shall be assumed by the buyer. Loveland Industries, Inc. makes no warranties of merchantability or fitness for a particular purpose nor any other express or implied warranty except as stated above.
